Part A: Pupil premium strategy plan

Statement of intent

Caton Primary School is determined that all pupils be given the best possible chance to achieve their full potential through the highest standards of Quality First Teaching, focused support and curriculum enrichment.

We believe the additional provision delivered through the Pupil Premium funding should be available to all pupils within school who we know to be disadvantaged and vulnerable, irrespective of whether they are eligible for the funding. There is no expectation that all Pupil Premium funded pupils will receive identical support. The school considers best ways to allocate Pupil Premium money annually following rigorous data analysis and the careful consideration of the needs of the pupils.

We have a clear, strategic 3-part model approach for Pupil Premium funding provision, which focuses on the following:

- whole-school strategies that impact on all pupils
- focused support to target under-performing groups of vulnerable/ disadvantaged pupils and individuals
- specific support targeting pupil premium pupils

Our determined and committed staff team ensures that Pupil Premium funding and provision impacts achievement, attendance and pastoral care. This includes an identified governor having responsibility for Pupil Premium, the Headteacher and Inclusion Lead being responsible for monitoring provision and outcomes, and the wider staff team to implement and evaluate provision. The Inclusion Lead, Head Teacher and designated governor regularly evaluate pupil premium outcomes compared to other pupils in school to ensure the correct strategies and provision are in place.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Majority of PPG students are below or significantly below ARE in all aspects of English.
2	Less fluency in mathematics amongst disadvantaged pupils.

3	Significant social, emotional and behavioural needs which provide a barrier to learning and consistent progress.
4	Imbalance of wider opportunities for disadvantaged pupils and parental involvement.

Intended outcomes

This explains the outcomes we are aiming for by the end of our current strategy plan, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Disadvantaged children's academic achievement will be at least as good as non-disadvantaged pupils.	Progress positive (>0) in all areas at the end of KS2.
All pupils and staff are equipped and supported to implement positive mental health and SEL strategies to promote high attendance, positive attitudes towards learning and behaviour across the school.	Reduction in poor behaviour. Improved levels of well-being. Children, staff and parents know and enforce expectations for behaviour and attitude towards learning. Staff are confident to teach SEL
All disadvantaged children are able to take advantage of wider opportunities e.g. art and craft workshops, music tuition, residential trips, sports clubs and coaching in and out of school equally with peers.	Attendance at after school clubs and events at equal levels between disadvantaged/non-disadvantaged pupils. All pupils are given the opportunity to participate fully in school trips, sporting events and residential within and outside the school day.

CPD and monitoring in order to improve outcomes particularly amongst those that are disadvantaged to raise progress amongst PPG students.
